## PROSPECTUS 2025

### SOPAN ACADEMY & PLAY SCHOOL

**26/1, West Ghoshpara Road, Bhatpara, 743123**

#### WHY CHOOSE SOPAN ACADEMY?

Investing in your child's future is priceless. At Sopan Academy & Play School, we assure you that every penny spent is a valuable investment in their growth, knowledge, and happiness. Trust us to nurture their potential and make your investment worthwhile.

We rely on selfless karma which exhibits performing good deeds without expectation of reward, driven by a genuine desire to make a positive impact. Sopan Academy & Play School, Bhatpara, has embodied this spirit for the last 10 years, providing exceptional education to local children without seeking anything in return. Our mission statement, "Empowering young minds to shine bright," inspires us to work tirelessly for the children, knowing that their future success is the ultimate reward. By sowing seeds of knowledge and compassion, we trust that the harvest of kindness will benefit generations to come.

#### OUR TEACHERS

We recruit qualified and experienced Teachers only, who are able to deliver the desired quality of education. During the last 9 (nine) years of our operations, this has remained our prime focus as we believe in Quality only, not in Quantity. Our Teachers are Caring, Well Behaved, Helpful, and Cooperative and maintain a healthy relationship with the students as well as their parents.

#### METHODOLOGY

We mainly follow the Ancient Indian Education System wherein education is considered to be the panacea of all social evils. Original and authentic native values and culture are imbibed in the blossoming minds. One can easily distinguish our students who are in our school from their very childhood days. These boys and girls have acquired up-to-date knowledge compared to their counterparts of other schools as well as acquainted themselves with exemplary Indian Values and Culture. The meaning of original education is manifested in the behaviours of our students very clearly, if observed closely.

#### STRICT RULES & REGULATIONS

The Managing Committee formulates Rules and Regulations for the school keeping in view the ultimate benefit of the student community. After a certain rule is implemented, strict observation of the same is followed. Any deviation from it is not allowed. We instill good

habits in our students at an early age. It is very crucial for their development and future success.

## **FOUNDATIONAL EDUCATION**

Foundational education is the cornerstone of a child's educational journey, laying the groundwork for future success. It encompasses the essential skills, knowledge, and values that enable students to excel in their academic, personal, and professional lives.

At Sopan Academy, foundational education is imparted through a well-structured and holistic approach, focusing on:

1. Building a strong foundation in core subjects like English, Mathematics, Science, and Social Studies.
2. Developing critical thinking, problem-solving, and communication skills.
3. Encouraging creativity, curiosity, and a love for learning.
4. Fostering social and emotional growth, including empathy, teamwork, and self-awareness.
5. Instilling values like integrity, responsibility, and respect for diversity.
6. Providing opportunities for exploration and discovery, both in and out of the classroom.
7. Encouraging student-centered learning, with personalized attention and support.
8. Fostering a growth mindset, where students embrace challenges and view failures as opportunities for growth.

By imparting foundational education in this manner, Sopan Academy aims to empower its students to become confident, compassionate, and critically thinking individuals, prepared to excel in an ever-changing world.

## **EXPERIENCIAL LEARNING**

Experiential learning at Sopan Academy & Play School, Bhatpara is followed in the manner, "Learn by Doing, Grow by Exploring!" Here, students discover concepts through interactive experiences, fostering curiosity, creativity, and a lifelong love for learning!

## **JOYFUL LEARNING**

At Sopan Academy & Play School, joyful learning comes alive through interactive activities, play-based learning, and creative expression. Children explore, discover, and grow in a nurturing environment, fostering a love for learning. The school's emphasis on fun, curiosity, and imagination makes education an exciting adventure, shaping young minds with joy and enthusiasm.

## **KEY CONCEPT OF OUR NATION BUILDING THROUGH SCHOOL EDUCATION: MANEUVERABILITY**

Maneuverability in childhood education refers to the ability of children to navigate and adapt to different learning environments, situations, and challenges. It involves developing skills such as problem-solving, critical thinking, creativity, and self-regulation.

At Sopan Academy & Play School, Bhatpara, maneuverability is undertaken through various strategies, including:

1. Play-based learning: Encouraging children to explore and learn through play.
2. Project-based learning: Allowing children to work on real-world projects that require problem-solving and critical thinking.
3. Flexible learning spaces: Providing children with flexible and adaptable learning environments.
4. Cross-disciplinary learning: Integrating multiple subjects and skills to develop a holistic understanding.
5. Encouraging risk-taking: Allowing children to take calculated risks and learn from failures.
6. Developing social-emotional skills: Teaching children to regulate their emotions, empathize with others, and build strong relationships.
7. Technology integration: Using technology to enhance learning and develop digital literacy.

By emphasizing maneuverability, Sopan Academy & Play School, Bhatpara, aims to equip students with the skills and abilities necessary to navigate an ever-changing world and succeed in their future endeavors.

## **HOW WE BUILD CONFIDENCE OF OUR CHILDREN AT AN EARLY STAGE ?**

Sopan Academy & Play School, Bhatpara's practice of having small kids demonstrate answers/findings on the board is a powerful confidence-builder. It develops public speaking skills, critical thinking, and articulation. This supportive approach fosters a growth mindset, empowering young learners to share ideas and thoughts effectively, setting them up for future success.

## **HOW WE MAKE OUR STUDENTS ONE STEP FORWARD ?**

Sopan Academy & Play School recognizes the importance of developing essential skills in young minds. To foster academic excellence, the school focuses on training primary section students to comprehend examination questions and connect them to relevant textual content. Through interactive sessions and guided practice, students learn to analyze questions, identify key words, and retrieve information from texts to construct accurate answers. This endeavor aims to build a strong foundation in critical thinking, reading comprehension, and problem-solving, empowering students to excel in academics and beyond. By instilling these skills early on, the school sets the stage for lifelong learning and success.

## **INTERDISCIPLINARY LEARNING AND PROJECT-BASED LEARNING**

At Sopan Academy & Play School, Bhatpara, science projects offer hands-on practice, enabling students to explore, experiment, and learn by doing. This experiential approach fosters curiosity, critical thinking, and creativity, helping students grasp complex concepts and develop a deeper understanding of scientific principles, preparing them for a future in **STEM** fields.

At Sopan Academy, interdisciplinary learning is integrated through project-based approaches, combining subjects like science, math, language, social science and art to foster a holistic understanding. Students explore real-world problems, developing essential skills like critical thinking, creativity, and collaboration. This approach prepares students to navigate complex challenges and thrive in an interconnected world.

## **MODERN LEARNING METHODS**

We don't disclose, but insist on some modern techniques and tricks for better performance of our students. Students learn the tricks without being aware of the same. This is done completely in-house and is truly an Intellectual Property of our school what makes our students well ahead of other school children.

## **LIMITED NUMBER OF STUDENTS**

Maximum 20 (twenty) students are admitted in a class. We maintain a High Student-Teacher Ratio in our school so that the progress and fall in studies of students can be monitored and every student gets individual attention.

## **NO PRIVATE TUTOR REQUIREMENT AT HOME**

As a result of limited number of students and High Student-Teacher Ratio and as a result of personal and individual care at school, a parent does not need to appoint Private Tutor for his ward at home. Everything of the syllabus is taught step-by-step and a teacher does not go to the next topic unless he/she is sure that every student has understood what has been taught in the class.

This way high performance of the students is achieved. We always set new standards of teaching and expect the great performance of our students by believing in their competence. The standards are encouraged to work at or slightly above the instructions given by the Teachers.

## **WE TEACH OUR STUDENTS THE IMPORTANCE OF TEAMWORK**

Teamwork is the harmonious blend of individual efforts, like the synchronized flight of geese or the unified strength of ants carrying heavy loads. At Sopan Academy & Play School, Bhatpara, we inspire students to embrace teamwork by exploring nature's examples, such as bees working together to build hives or lions hunting in packs. Through these examples, we teach students to appreciate diverse skills, support each other, and achieve common goals, fostering a collaborative spirit that benefits everyone, just like the interconnectedness of nature's ecosystem.

## **LOVE FOR NATURE AND ITS CREATURES**

At sopan Academy following strategy is followed to imbibe love for nature and its creatures in the following manner:

### **I. Curriculum Integration**

**1. Environmental Studies:** We have incorporated environmental studies into the curriculum, focusing on basic concepts like plants, animals, water, and air.

**2. Nature-Based Lessons:** We have developed lesson plans that incorporate nature, such as observing seasonal changes, studying local flora and fauna, and exploring ecosystems.

## **II. Hands-On Activities**

- 1. Gardening:** We have established a school garden where kids can plant, nurture, and harvest their own fruits and vegetables.
- 2. Nature Walks:** We encourage our students to observe and appreciate the natural world.
- 3. Wildlife Encounters:** We invite guest speakers to educate kids about various animal species.
- 4. Crafts and Art:** We engage kids in nature-inspired crafts, such as leaf rubbings, twig sculptures, or bird feeder making.

## **III. Outdoor Classrooms**

- 1. Outdoor Learning Spaces:** We create designated outdoor learning spaces, such as a nature patio or a outdoor classroom.
- 2. Nature-Based Projects:** We conduct projects that promote environmental awareness by activity based learning.

## **IV. Community Involvement**

- 1. Parent-Teacher Association:** We are planning to collaborate with the Parent-Teacher Association to organize environmental events, such as park cleanups or tree planting ceremonies.
- 2. Local Partnerships:** We are planning to partner with local organizations, such as wildlife refuges, parks, or nature centers, to provide kids with hands-on environmental experiences.

## **V. Events and Celebrations**

- 1. Earth Day Celebrations:** We organize Earth Day celebrations, including activities like recycling drives, environmental fairs, or eco-friendly workshops.
- 2. Wildlife Week:** We organize and celebrate Wildlife Week by hosting in-house events.

## **VI. Assessment and Evaluation**

- 1. Environmental Awareness Quizzes:** We conduct in-house regular quizzes to assess kids' environmental awareness and knowledge.
- 2. Project-Based Assessments:** We evaluate kids' understanding through project-based assessments, such as creating a recycling plan or designing a sustainable community.

By incorporating these strategies, we foster a deep love and appreciation for Nature and its creatures in small kids, shaping them into environmentally conscious and responsible global citizens.

## **IMPLEMENTATION OF NATIONAL EDUCATION POLICY 2020**

NEP 2020's salient features include emphasis on equity, inclusivity, and experiential learning. At Sopan Academy & Play School, Bhatpara, we're implementing these features by focusing on personalized attention, interdisciplinary learning, and skill development. We're preparing our students for the international arena by fostering critical thinking, creativity, and global citizenship, empowering them to succeed in an increasingly interconnected world.

## **EARLY CHILDHOOD EDUCATION**

### **RHYMES**

Rhymes play a vital role in early childhood education as they enhance language skills, memory, and cognitive development. Rhymes also foster creativity, imagination, and social skills. At Sopan Academy & Play School, Bhatpara, rhymes are an integral part of the curriculum. Teachers use engaging rhymes to teach various concepts, making learning fun and interactive. The school's approach to rhymes helps children develop phonological awareness, vocabulary, and a strong foundation for future academic success. Rhymes are incorporated into daily routines, making learning a joyful experience for young minds.

### **TABLES**

Tables play a vital role in early childhood education, fostering socialization, fine motor skills, and cognitive development. They facilitate collaborative learning, art projects, sensory play, and mealtime interactions. Well-designed tables promote comfort, posture, and engagement, creating a conducive environment for young learners to thrive.

### **TOYS, PUZZLES, ENGRAVES AND GAMES**

In the vibrant world of Sopan Academy & Play School, Bhatpara, young minds blossomed with wonder. Toys, engravings, and puzzles became magical tools, unlocking cognitive secrets and igniting curiosity. Little fingers traced shapes, solving mysteries, while curious eyes sparkled with understanding. As blocks stacked high, confidence soared. In this playground of learning, laughter and discovery entwined, nurturing the next generation of thinkers, innovators, and dreamers. The joy of learning was palpable, and the future shone bright!

### **MUSIC AND DANCE**

At Sopan Academy & Play School in Bhatpara, music and dance are integral parts of co-curricular activities. Students participate in regular music and dance classes, learning various genres and styles. The school is planning to have a dedicated music room and dance studio, equipped with instruments and mirrors. Students showcase their talents through annual cultural programs, festivals, and events, such as the school's annual day celebration and Independence Day program. Music and dance clubs also provide opportunities for students to explore their interests and develop their skills. These activities help students develop creativity, confidence, and teamwork skills, enhancing their overall development.

### **LIBRARY**

Sopan Academy & Play School, Bhatpara boasts an impressive library with a diverse collection of books that spark imagination and curiosity in young minds. From classics to contemporary tales, our shelves are filled with stories that transport students to new worlds, fostering a love for reading and learning. Our library is a treasure trove of knowledge, inspiring students to explore, discover, and grow.

## **CORPORAL PUNISHMENT IS BANNED**

Corporal punishment in schools refers to the use of physical punishment or violence as a means of disciplining students. This can include:

- Hitting or striking students with hands, sticks, or other objects
- Spanking or paddling
- Slapping or pinching
- Physical restraint or confinement
- Other forms of physical harm or intimidation

Corporal punishment is a harmful and outdated practice that has been widely criticized by educators, child development experts, and human rights organizations. It can have serious negative effects on students' physical, emotional, and psychological well-being, and can actually decrease academic achievement and increase behavioral problems.

Many countries and schools have banned corporal punishment, recognizing that it is a violation of children's rights and that there are more effective and humane ways to manage student behavior and promote learning. Sopan Academy, as mentioned earlier, is one such school that has abandoned/banned corporal punishment, promoting a safe and supportive learning environment for its students.

## **AFFILIATION**

The affiliation of Sopan Academy & Play School is crucial as it validates our institution's quality and credibility. The successful DLIT inspection by the DI Barrackpore is a significant milestone, acknowledging our school's adherence to stringent educational standards. Affiliation ensures our curriculum, infrastructure, and teaching methods meet the required norms, enhancing our reputation and trust among parents. It also opens doors to valuable resources, training, and support, enriching our educational offerings. Moreover, affiliation increases our students' acceptance in higher education institutions, providing a seamless transition and brighter future prospects. The Affiliation of the school is now in the final stage and we are hopeful to get Affiliation from the WBBSE within mid of 2025.

## **ACADEMIC GUARANTEE**

At Sopan Academy & Play School, Bhatpara, we are committed to providing a high-quality education that prepares our students for success. We guarantee that our students will meet or exceed national academic standards and demonstrate significant growth and progress in their academic journey. If our students do not meet these standards, we will provide additional support and resources to ensure their success. Our promise is to provide a world-class education at a very lower price that empowers our students to reach their full potential.

Investing in your child's future is priceless. At Sopan Academy & Play School, we assure you that every penny spent is a valuable investment in their growth, knowledge, and happiness. Trust us to nurture their potential and make your investment worthwhile.
